Summary

Establish murder husbands Will and Hannibal are Chesapeake Ripper together but Will goes down for it and despite Hannibal trying to get him off only manages to get will out of death penalty by pleading insanity as his therapist and now Hannibal is working on helping him escape

Will see Matthew, his fan boy, as chance to escape and seduces him in hopes of being released.

But he fucked up. He never counted on Matthew being smart enough to know he'd run and leave him behind if set free and would later do everything he could to keep him here so he could have Will all to himself.

Making it all the harder for Hannibal to get him out.

"There's no getting out of it at this point." Hannibal said a serios tone of voice as he sat next to his husband. Pouring more wine into his glass with a sigh as they both leaned closer to each other.

"One of us will have to go down." Will said looking over at Hannibal meaningfully.

"Will..." Hannibal said in an almost threatening tone, narrowing his eyes slightly at the implication.

"You know I'm best set up for this." Will said. The evidence the FBI had collected was more easily attributed to him, if they were looking for only one killer.

"No, we could just-" Hannibal started and Will shook his head raising a hand to make him stop.

"Stop. That won't work for long and you know it. Running only makes more issues." Will said calm and sensible. Hannibal's quiet was a begrudging agreement.

"Well just have to prove my 'innocence'." Will said with a smile directed his way. Much to comfortable with the idea of going to jail, prison, or even a mental institution for Hannibal's taste. Much to okay with how long that would mean they need to be apart.

"Look, I'll just be in there long enough to buy you some time. While I'm in there you can find a proper replacement for me." Will said a trusting look in his eyes. Full faith in his husbands ability to find a way to get him out later. Hannibal reached over and interlocked their hands. Will leaning closer as well and curling his own hand tighter around his.

"I won't let this last long." Hannibal said, a promise not just to Will but to himself.

"I know." Will said with a loving smile. Hannibal couldn't help but return it.

"I love you." He said pressing their foreheads together. Will let his eyes drift closed in enjoying the peaceful moment between them.

"I love you, too."
